MARINE RESEARCH & CONSERVATION

WHAT WILL IT TAKE TO CHANGE THE WORLD?

PASSION TO CARE - STRENGTH TO ACT - VISION TO INSPIRE

FINS ATTACHED

Mission Statement:

To conduct research, promote conservation, and provide education for the protection of the marine ecosystem.

Our core belief:

We believe in the preservation of our world's precious resources and, through the protection of the oceans' apex predators, the marine ecosystem balance can be maintained for the benefit of all living things on earth.

Mission Statement

In Memory of
Rob Stewart

Fins Attached is privileged to name their research vessel “Sharkwater”, in honor of the late filmmaker and conservationist, Rob Stewart. Sharkwater is a 134 foot vessel that was originally built and used by Japanese fisheries, but is now being used for the good of our oceans through the marine research and conservation mission of Fins Attached.

Ship Specifications

LOA: 134' 11" (40.82m)
Beam: 23' 11" (7.29m)
Max Draft: Max 13' 0" (3.96m)
Speed: Cruising 10 knots @ 550RPM
Max 13 knots @ 750 RPM
Year: Mfg1997
Refit 2012 and 2017
Builder: Niigata (Japan)
Type: Expedition Yacht
Hull Material: Steel
Tonnage: 287
Range: 7,600 Miles
Fuel Capacity: 24,400 gallons (92,364 l)
Staterooms: 5 (Sleeps 12 with en suite bathrooms)
2x 160 Kw generators
1x 65 Kw generator
Ecomar black water treatment system
Water Capacity: 6,341 gallons (24,364 l)
2x watermakers (3,800 gallons/day)
4x SOLAS Liferafts (28 person capacity)
2x Deck cranes
2x Dive tenders
2x L&W Scuba compressors
Nitrox Maker
Steel and aluminum scuba tanks
220 V and 110 V available

Citizen Science Program

A new opportunity to help conserve the oceans' apex predators is now available. Citizen scientists will encounter sharks along their migration routes while staying aboard the Sharkwater research and diving vessel.

Our Citizen Scientist Program's mission is to conduct research, promote conservation, offer adventures and provide education, all with the goal of protecting sharks and our marine environment.

Follow the migration of sharks with our crew of professional scientists. Fins Attached supports and works with:

- Randall Arauz
- Dr. Mauricio Hoyos
- Dr. Peter Klimley
- Dr. Alex Hearn
- Sandra Bessudo
- Dr. Austin Gallagher
- MigraMar Scientists

Fins Attached is a 501(c)(3) non-profit; a portion of the trip fees are tax-deductible for US citizens.

Master Cabin

Guest Cabin

Guest Cabin

En Suite Bathrooms

Dive Deck, Camera Table and Rinse Tanks

Lounge, Dining Room, Coffee Bar and Gourmet Meals

Two Dive Skiffs

10,000 lb Crane
Submarine Capable

“Thank you for helping to save our ecosystem for generations to come! Thank you for bringing awareness to our oceans and the majestic sharks that call it home!”

Fins Attached Supporter

Together we can make a difference

“Conservation is the preservation of human life on earth and that above all else is worth fighting for.”

- Rob Stewart
